

Automotive Industry – Design Models – Laminating with Fibres

Design Models			
Shell building	Gelcoats	EG-2101 / EH-2901-1	RT cure, can be sanded and polished, fast reactivity
		EG-2101 / EH-2950	RT cure, can be sanded and polished, slow reactivity
	Coupling Layer	EL-2209 / EH-2950	Excellent interlayer adhesion, prefabricated
	Laminating Resins	EL-2200 / EH-2900	RT cure, unfilled, low viscosity
		EL-2201 / EH-2904-1	RT cure, unfilled, fast reactivity
		EL-2201 / EH-2905-1	RT cure, unfilled, medium reactivity
		EL-2201 / EH-2906-1	RT cure, unfilled, slow reactivity
