

Automotive Industry – **Functional Cubing** – Close Contour Casting

Functional Cubing			
Milling	Close Contour Casting Fixed parts (floor panels, cowl, center console, wheel hutch)	CC-6504	Density 1.87 g/cm ³ , beige High mechanical properties Good abrasion resistance Low coefficient of thermal expansion Easy to machine
		CC-6506	Density 1.9 g/cm ³ , dark gray High mechanical properties Excellent abrasion resistance Low coefficient of thermal expansion Easy to machine High temperature resistance (110 C)
