

## Foundry Industry – Models / Pattern Plates – Backing - Tamping

<b>Models / Pattern Plates</b>			
<b>Lay-up</b>	<b>Gelcoat (Surface)</b>	EG-2102 / EH-2901-1	Abrasion resistant, resistant to chemicals Hard surface
		PG-3104 / PH-3954	High abrasion resistance and impact strength Shore D 60-65 No brittle phase Both components without skull and crossbones label
	<b>Coupling Layer</b>	EL-2209 / EH-2950	Coupling layer between gelcoat and tamping mixture
	<b>Tamping Mixture</b>	EL-2200 / EH-2900	Multipurpose resin, for binding various fillers, e.g. AC-9004
