

Foundry Industry – Models / Pattern Plates – Full Casting

Models / Pattern Plates			
Casting	Full Casting	EC-2400 / EH-2952	Abrasion resistant and resistant to chemicals Easy to cast Slow cure
		EC-2402 / EH-2905-1	Metal filled, hard surface, workable Medium reactivity
		PF-3704 / PH-3974	Filled fast cast resin Good workability Can be cast in thicker layers
		PC-3403 / PH-3903 (AC-9004)	Can be cast in large volumes with filler AC-9004 (380-400 pbw) Good mechanical properties Good workability
