

Plastics Industry – **Foaming Tools** – Laminating with Fibres

Foaming Tools			
Shell Building	Gelcoats (Surface)	EG-2104 / EH-2950	Very easy to apply Temperature resistant up to 105 C
		EG-2105 / EH-2950	Very easy to apply Temperature resistant up to 120 C
	Coupling Layer	EL-2209 / EH-2950	Coupling layer between gelcoat and laminate
	Laminating Resin	EL-2203 / EH-2952-1	Low viscosity Good impregnation of glass fibres Temperature resistant up to 120 C
		EL-2203 / EH-2953-1	Like EL-2203 / EH-2952-1 but lower reactivity
